Developing Leaders, Equipping Families, Fostering Relationships

www.northwestbaptist.com

Dear Friends,

Northwest has registered to be a Collection Partner for the **Covid Cares Hygiene Drive**, a project initiated by our friends at BASICS and National Christian Foundation. Being a **Collection Partner** simply means that our congregation will collect hygiene items (from friends, family, coworkers, neighbors, etc.) at Northwest. We will place a collection box in the church foyer.

[View the list of needed supplies online](#). Or you can [donate online](#) and our partners will purchase needed supplies on your behalf.

The collection starts this week and runs through August 25th. After August 26th, supplies will be distributed to Milwaukee families in partnership with local churches & food pantries in neighborhoods where job/income loss has been significant due to Covid-19.

On behalf of Northwest and our friends at BASICS and NCF, we are most appreciative of your heart for the community and generous spirit.

If you have questions, please contact Bonnie Lee at blee@northwestbaptist.com.
